

Blue Mountain at Charleston Lake

Remember: This is part of the Park and all guidelines must be observed including no ATVs. The trail is marked from both the Huckelberry Hollow (Lake) access and the southern access. To reach the southern access, proceed north on Blue Mountain Rd or east on Warburton Road to the bend in the road. From there, you can park and walk in (1 Km.) along what is known as Mountain Street. You will proceed through private land – the owner has kindly given permission for trail access. The Park entry is well marked just past the large beaver dam area known as Mosey Lake. Enjoy.
